

FIREPAN

LEV. 16:12

FIREPAN, the Church on the Solid Rock Yoot Band, leads the Sunday worship music [the last Sunday of every month.](#)

It is truly awesome to see these young people serving our Lord in this way. The Lord has blessed them with musical talents. Their passion for music and our Savior is truly something to behold.

Band History:

The band originally formed in August 2005 and played at the COTSR Family Camp in October 2005. In February 2006, the band, after elimination voting, decided on Firepan as the name for their band.

The reference verse is Leviticus 16:12. The Firepan was used as a tool for worship to burn incense and put out a sweet aroma. The youth band is also a tool for worship to put out a sweet sound.
